

Flea Follow Up Treatment

With Your Help, We Can Eliminate Your Fleas!

PREPARING THE INFECTED AREA

- Clean up! Get rid of accumulated newspapers, magazines and other “clutter.”
- Vacuum areas and discard the bag immediately, removing it from the house. Bag-less machines should be emptied, and contents discarded outside of the house. The cup should be cleaned prior to attaching back to the vacuum.
- Move furniture away from walls for easy access to baseboards.
- Access is needed to all carpeted areas, wood floors, furniture, draperies, closets and storage areas.
- Pets will also need to be treated. Contact your veterinarian for treatment recommendations.
- If you have plush/stuffed toys, they should be laundered (if possible) or vacuumed. In severe cases, they may need to be discarded.
- ALL AREAS/ROOMS of the building **must** be completely prepared when we arrive.

FOLLOWING TREATMENT

- You, your family, and pets, should stay OUT of the treated area for the length of time specified by the Technician ...usually 3 to 5 hours.
- Be aware it may take 4-6 weeks for all bugs to be affected/killed by the material applied. The bugs need to come into contact with the material and may not come out of a deep hiding spot for several days. Do *not* panic if you still see some movement following the treatment, this is common. The material does not kill the insect instantly. It could take several hours to reach fatality.
- Try to avoid vacuuming, mopping, or any deep cleaning for 4 weeks following treatment.
- Please understand that our best service depends largely on ***cooperation from you and/or your tenants***. If the above guidelines are not followed, it will negatively affect the treatment.

FOLLOW-UP TREATMENTS

- A need for more than 3 applications is rare and would suggest an unusual situation. If this occurs, please call us to discuss your situation.

****Follow up treatments are performed at the 30-day mark****

Together we can eliminate your pest issue. As always, ***thank you*** for your cooperation, and for trusting The Pest Patrol Team with your needs. We sincerely appreciate your business.
